Dear Madam,

Greetings of the day....

First of all, thanks for the mail . I am approving the credit change (from 4 to 3 ) for Design and analysis of algorithm.

Second, I have few suggestions for the course DAA.

1. Spelling correction to be done for Analysis( Title of the course)
2. Unit II heading may be changed to Sorting and Searching techniques..

These are all my observations and you can check with other expert member opinions also.

Dear Madam,

Greetings of the day....

Thanks for the kind support given from CIET.

I have gone through the curriculum and I hereby approve the fifth and sixth semester syllabus for 2019 regulations of **Information Technology** branch for the academic year 2021-22.

These are all some of the observations noted . Kindly consult with other expert members also

- In the 5<sup>th</sup> semester curriculum, I find few courses have not yet assigned the codes.
- I find Open elective II and III and Whether Open elective I is completed in 4<sup>th</sup> semester
- For U19ITT03-Mobile and pervasive computing, List of experiments are missing.
- Syllabus content for U19ECE\_\_ Microprocessor and Microcontroller is missing
- In U19ITT52 Programming paradigms , alignment to be made for Unit II

The course content for U19CST51 to U19CST57 is not listed in the curriculum

Thanks & Regards,  
P. Madhavan

Dear Sir,

Item 1: In the 5<sup>th</sup> semester curriculum, I find few courses have not yet assigned the codes - **The corresponding syllabi of the courses were presented in other department boards, So after getting approval from the respective board of studies we will include that in our curriculum.**

Item 2: I find Open elective II and III and Whether Open elective I is completed in 4<sup>th</sup> semester - **Yes sir, Open elective I - Design Thinking opted in 4th Semester**

Item 3: For U19ITT03-Mobile and pervasive computing, a List of experiments is missing. - **This course is a theory paper that is not an embedded course**

Item 4: Syllabus content for U19ECE\_\_ Microprocessor and Microcontroller is missing - **The corresponding syllabus was presented on the ECE board.**

Item 5: In U19ITT52 Programming paradigms, alignment to be made for Unit II - **Yes sir, It is done**

Item 6: The course content for U19CST51 to U19CST57 is not listed in the curriculum - **These courses are common for CSE & IT and we are following the syllabi for the corresponding courses presented in CSE Board. They are also following some of the courses on our board.**

Thank you very much for your suggestion. We appreciate the time and effort you have spent to share your insightful comments,
